Professional Summary

Second-year Computer Science and Engineering undergraduate with a solid foundation in **Data Structures and Algorithms, Object-Oriented Programming (OOPS), Operating Systems, and DBMS**. Proficient in **Java, Python, SQL, HTML, CSS, and JavaScript**, with practical experience in designing, implementing, and maintaining both desktop and web applications. Skilled in integrating front-end interfaces with back-end databases using JDBC and REST APIs, and experienced in building responsive, user-friendly, and efficient software solutions. Demonstrated ability to work on full-stack projects such as **ATM Simulation** and **Weather Forecast Web Application**, focusing on performance, reliability, and clean architecture. Strong problem-solving abilities, attention to detail, and a passion for learning new technologies. Actively seeking **Software Development Engineer (SDE) / Software Engineering Internship** roles to apply technical skills and contribute to innovative projects.

Skills

- **Programming Languages:** Java, Pythop
- **Web Technology:** HTML, CSS, JavaScript
- **Concepts:** Data Structures and Algorithms, Object-Oriented Programming (OOPS), Operating Systems, DBMS
- **Tools & Frameworks:** Git, VS Code

Projects

ATM Simulation & Bank Management System **Java Swing, MySQL**
https://github.com/aditik-20/ATMAPP

- Developed a Java Swing-based ATM system with **JDBC connectivity to a MySQL database**, supporting **5+ core banking workflows** including withdrawal, deposit, balance inquiry, and transaction history.
- Designed a user interface capable of handling **1,000+ simulated transactions** with robust input validation and error handling.
- Implemented database interactions via JDBC to ensure **data persistence and transactional integrity**.
- Refactored application logic using OOPS principles to improve modularity, maintainability, and reduce code redundancy by **30%**.
- Integrated authentication mechanisms and exception-handling routines to enhance system reliability and reduce runtime failures.
- Optimized UI workflows and implemented user-friendly error messages, improving the overall user experience.
- Learned to design and implement a **full-stack application**, connecting a Java frontend with a relational database backend.

Weather Forecast Web Application **HTML, CSS, JavaScript**
https://github.com/aditik-20/WeatherSite | https://weatherapp-eight-indol.vercel.app/

- Developed a responsive web application to display live weather information for **200+ cities** using **REST APIs**.
- Integrated asynchronous API communication using `fetch` and `async/await`, improving data retrieval efficiency by **35%**.
- Implemented dynamic DOM updates and client-side validation to enhance user experience and interface responsiveness.
- Added error handling for failed API requests, ensuring graceful degradation and continuous usability.
- Applied modern CSS techniques to create a visually appealing and mobile-friendly design.
- Learned to handle JSON data effectively and implement interactive UI components using vanilla JavaScript.

Education

SRM Institute of Science and Technology **2024 – 2028**
Bachelor of Technology (B.Tech) in Computer Science and Engineering **CGPA: 10.0 / 10.0**

Achievements

- **Top Achiever Award (1st Year, B.Tech CSE)** — awarded for academic excellence.

Certifications

- **Fundamentals of Object-Oriented Programming — SWAYAM NPTEL** Learned core OOP concepts including classes, objects, inheritance, and polymorphism; applied concepts in Java projects.
- **Programming in Java — SWAYAM NPTEL** Developed strong Java programming skills covering data types, control structures, collections, and exception handling.
- **Data Structures and Algorithms — Coding Blocks** Gained proficiency in algorithmic problem-solving, sorting, searching, and implementation of fundamental data structures in Java.

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY
(DEEMED TO BE UNIVERSITY UNDER SECTION 3 OF THE UGC ACT, 1956)

B.Tech. DEGREE EXAMINATION
GRADE CARD

NCrF LEVEL : 5.0

REGISTER NUMBER : **RA2411003010003**	MONTH & YEAR OF EXAMINATION : **NOV - 2025**	FOLIO NUMBER : **A26002072**
NAME OF THE CANDIDATE : **ADITI KRISHNA**		ABC ID : **715437099833**
DATE OF BIRTH : **05-Sep-2005**	GENDER : **FEMALE**	DATE OF PUBLICATION : **13-Jan-2026**	REGULATION : **2021**
PROGRAMME & BRANCH : **B.Tech. - COMPUTER SCIENCE AND ENGINEERING**		

COURSE CODE	COURSE TITLE	COURSE APPEARANCE	CREDITS	GRADE	ATT CODE	RESULT
